

Mechanical Integration - Electrical Systems - Marine Services

(757) 247-0101

99 Jefferson Avenue, Newport News, VA 23707

Commercial Services

Fairlead supports all commercial vessels including fishing trawlers, tugboats, crew boats and barges with on-site and off-site services, including mechanical and structural repairs, upgrades and conversions.

Capabilities

- Haul, Block, and Launch
- Pressure Wash
- Propeller Removal and Repair
- Shaft Repair
- Weld Repair
- Plate Replacement
- Zincs Anodes and Replacement
- Electrical System Repair
- HVAC System Repair
- Mechanical System Repair
- Blast and Preservation

Our 500-ton and 250-ton boatlifts can dock vessels up to 135' in length with a 12' maximum draft and 35' maximum beam. Our 900' fendered pier allows for deep water and crane access and our 10 acres of vessel block area provide ample room for restoration repairs and overhaul conversions.
